CA 911 Outages		
Northern California	Central California	Southern California
No 911 Outages	No 911 Outages	No 911 Outages

9-1-1 Outages/Remote/Community Isolations:

- None reported.

Service Interruptions:

- None reported.

WEATHER OF CONCERN

NORTHERN CALIFORNIA

- Scattered light showers and Isolated thunderstorms over the Sierra today and all interior Northern California mountains Friday as one low pressure system moves east and another drops in to take its place.
- Scattered showers and thunderstorms most areas over the weekend with below normal daytime temperatures.

SOUTHERN CALIFORNIA

- Periods of isolated showers will develop over the coastal and valley through tonight.
- The best chance of shower activity will be for areas north of Point Conception and along the northern slopes of the mountains.
- The main impact will be cool and cloudy conditions across much of the area today and into tonight.

WEATHER KEY POINTS

05/23/19 - 05/29/19

Thursday-Friday

- Showery conditions continue across the state through the work week, especially along the higher terrain
 - The debris flow threat on burn scars is very low. Debris flows are not likely.
 - Thunderstorms are possible today in portions of Southern and Inland Regions, which could produce brief moderate to heavy rainfall, small hail, gusty winds, and funnel clouds.

Saturday-Monday

- Another storm system will move into California for the holiday weekend, bringing an increased threat of showers, thunderstorms, and gusty winds, especially Saturday and Sunday
 - Accumulating snow is possible again in the Sierra above 7500 feet
 - The heaviest precipitation will likely be focused on the northern half of the state, but there is a chance of precipitation for Southern Region as well

Tuesday-Wednesday

- Drier weather is possible by mid-week, though confidence in details is currently low

CALIFORNIA WEATHER IMPACTS

05/23/19 - 05/29/19

Cal OES LAW ENFORCEMENT MISSIONS

Cal OES Law Missions

- **2019-LAW-1854, 05/21/19, 1428 hours**, Cal OES Public Safety Communications (PSC) requesting California National Guard (CNG) helicopter to assist and transport two PSC techs and their tools to Leek Springs Communication site. Cal OES PSC attempted to reach this offline and critical site by snow cat but was unable due to deep snow and downed trees from the recent storms. Cal OES PSC's request is for an operational period on 05/22/19 starting at 0800 hours. Law Enforcement Duty Officer (LDO) contacted CNG JOC and relayed the request. **Update: 05/21/19, 1522 hours**, CNG accepted the mission and is coordinating with Cal OES PSC. **Update: 5/22/2019, 1641 hours**, PSC and CNG advised the helicopter was unable to locate a landing zone and safely land due to the depth of the snow and aborted mission. All resources back at home base. PSC advising they are looking at alternatives but cannot use the helicopter until some of the snow melts.
Mission Closed

Cal OES MISSION TASKING

Cal OES Missions

- Nothing significant to report.

Cal OES

GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
